3. Your shoe(s), boot(s) or sneaker(s).

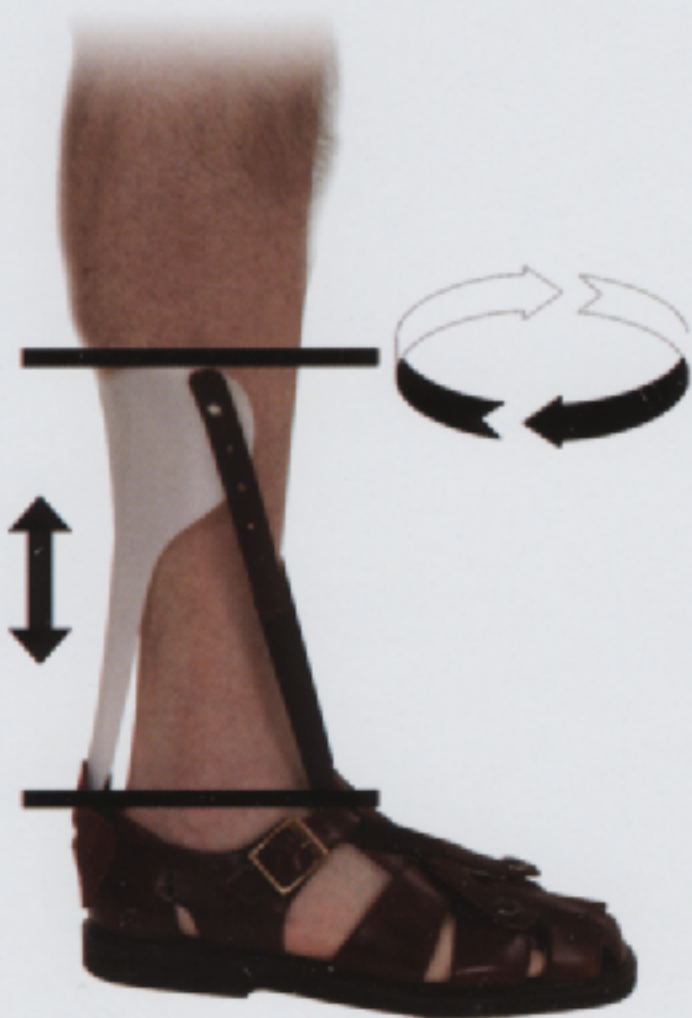

Fill out the method of payment as indicated above.

Your order will be shipped in 12-14 days.

**THANK YOU!**

# HOW TO MEASURE YOUR LEG FOR AN **EASY GAIT™** BRACE

- ✓ Ask a family member or your therapist to measure the circumference of your legs with a tape measure. You must be standing up and wearing the sandals to which we will attach each brace. Variations in leg size are common.
- ✓ Slide the tape up and down a few times to make sure your legs are being measured at the widest point of the calf.
- ✓ Write down the width in inches on your Measurement Sheet and mark the widest point on the back of each calf with a black felt tip pen or magic marker. Note if right or left.
- ✓ Use a 12" ruler to measure the number of inches from the mark on your calf to the top of the back of your sandal.
- ✓ Write down this vertical measurement plus 1" to help ensure your custom-made Easy Gait™ Brace will fit the contour of each leg.

***NOTE: Sandal must have a rigid heel and available area to attach snaps.***

*(Measurements should be made to the nearest 1/4")*

**Circumference at mid-calf \_\_\_\_\_"**  
(Use tape measure)

**Top of sandal to mid-calf plus one inch \_\_\_\_\_"**  
(Use ruler)

Please check: **Right Foot ? \_\_\_\_\_ Left Foot ? \_\_\_\_\_**

**Enclose Measurement Sheet, Order Form and check in #10 envelope.  
Mail with sandal using prepaid U.S. mail envelope.**
